UNTIL THE FOREIGN OFFICE OF THE QUESTURA

What happens at the Police Headquarters of Naples at the Foreign Office is inhuman: people waiting in never-ending lines; men, women and children left in the cold to wait their turn for a residence permit that is not granted. Thus, more than eight months, up to a year, pass without renewing their "soggiorno", both for those who have been here for years, and for asylum seekers or refugees.

Anyone, despite having all the rights and in spite of the legal terms of the soggiorno's release being 60 days, lives this hell.

It is not possible to continue like this, our life deserves respect, we are human beings and we cannot be treated in this way.

In fact, for immigrants the residence permit is not just a piece of paper, but the title that allows them to live, work, reach their families and be able to travel. The delay for the release of the "soggiorno" has no justification and hurts the lives of immigrants.

We say enough! We cannot go on like this! We deserve dignity, respect and justice.

- **Unlock residence permits now for all those who request it**
- **Soggiorno and hospitality for all refugees and immigrants who arrive in Italy**
- **Right to soggiorno for those who are born in this country**
